Cultivate Your Summer Fallow

—WITH A—
MASSEY - HARRIS SPRING TOOTH CULTIVATOR

DO NOT USE A DISC HARROW on your Summer Fallow
It loosens the land, allows moisture to escape and does not
destroy weeds, but merely covers them up. Use a Massey-Harris
Spring Tooth Cultivator. It cultivates the surface to the desired
depth, conserves moisture by mulching the surface, and kills
weeds by tearing them out by the roots. Our Cultivator is
equipped with power lift, fore carriage, steel reversible points
and 1/2 in. duck foot shovels. Three sizes 8, 10 and 12 feet.

Eighty Perish in Wreck of River Steamer

Buenos Aires, June 5.—Eighty persons are believed to have perished in the sinking of the steamer Villa Franca, on the Parana river near Posadas. At that point the river forms the boundary between Argentina and Paraguay. Few details of the disaster are available here.
According to one survivor, the sleeping passengers were awakened at 1:40 o'clock yesterday morning, by cries of alarm, and rushed on deck to find the vessel enveloped in flames. A few seconds later there was a heavy explosion, which caused the boat to fill and sink rapidly nearly a mile from the Paraguayan shore.
Some of the uninjured survivors came ashore, eventually reaching Posadas in a small boat. It is ascertained, but not confirmed, that twenty cabin passengers saved were members of a family of North Americans and three others. Their names are not known here.

KLONDYKE DISCOVERER DEAD

Vancouver, June 5.—George Carmack, pioneer prospector of the North, discoverer of Klondyke gold fields, died here this evening. He was stricken Friday last with pneumonia.
Deceased was born in California in 1850. He prospected and mined in Alaska and the Yukon. He received 23 nuggets from the first pans of gold taken on Bonanza Creek, in the Klondyke. In 1909 these nuggets were made into a golden telegraph key which was presented to ex-President Taft, of the United States, by him. He is opening the Alaska-Yukon Exposition in Seattle. During his lifetime Mr. Carmack staked many rich claims.

WESTERN RAILROADS TO CUT FREIGHT RATES

Chicago, June 2.—Western railroads announced their intention of complying with the recent \$4,000,000 freight slash of the interstate commerce commission in line with the announcement of eastern roads several days ago that they would comply with the commission's decision.
Samuel F. Felton, chairman of the conference of presidents of western carriers, announced that a large majority of western roads, while believing a reduction of freight rates is unjustified and threatens serious financial consequences, proposes to follow the commission's findings.

RACE RIOT IN TEXAS

Houston, Tex., June 3.—A race riot is said to be raging at Kirvin, Texas, where a white man has been killed and two wounded following the flogging of a negro. Several thousand armed men are rushing to Kirvin, where a battle of red armed negroes are giving battle to the whites. Telephone wires to Kirvin have been cut.
The trouble started when a 17-year-old white girl was killed recently and several negroes were accused of the crime. Four negroes were lynched and a fifth escaped.

CANADA BLOCKS WATERWAYS SCHEME

Washington, June 2.—Whether further steps will be taken to negotiate with Canada regarding the Great Lakes-St. Lawrence waterway project has not yet been determined by the Washington government.
Canada's reply to the first American proposition, suggesting that the time is inopportune to open such a question, has brought the discussion momentarily to a standstill. State department officials said today, however, that they had not yet carefully examined the Canadian note and were uncertain whether it closed the door to further exchanges.
In some quarters here the impression prevailed that a war would be found at least to create a commission to inquire into the feasibility of such a waterway. It is expected to be several days before any course is decided upon.

FOOTBALL SCHEDULE

The following schedule has been prepared for the Central Alberta Football League, comprising Red Deer, Ponoka and Innisfail:
June 7—Innisfail at Ponoka
June 14—Innisfail at Red Deer
June 21—Ponoka at Innisfail
July 5—Ponoka at Red Deer

Crop Report

Although warm weather during the latter half of May has brought rapid growth to crops in general in Alberta, and the grain is showing a healthy condition in most sections, a note of anxiety has crept into reports from some localities with respect to moisture conditions. Need of rain is emphasized in several of the reports from the agricultural department. In the extreme south, where heavy rainfall has been fairly satisfactory, particularly in the south-western section of the province, while further north in some of the more central areas, need of moisture has been apparent. In the northern areas there are dry spots, but conditions generally are good. There has been no drifting to some extent in several southern localities, and the oat crops are doing well. There has been no drifting to some extent in several southern localities, and the oat crops are doing well. There has been no drifting to some extent in several southern localities, and the oat crops are doing well.

Southern Area—Encouraging reports come from these areas with respect to moisture conditions, although in some localities there is need of rain, and there has been some drifting. Seeding of all grains is practically completed. Fall rice is showing growth of from eight to ten inches, and is headed out at Glenora. Oat crops are causing some damage in some districts, and grasshoppers are hatching out rapidly and in great numbers. Precipitation for the month was 8.4 at Glenora, 28. There has been generally splendid growth of grass on the prairie.
Central Area—In the more southern portion of the central area the drifting has caused damage on the summerfallow, and on the lighter lands in one or two places as high as 30 per cent. Moisture conditions are not entirely satisfactory, but the grain is not suffering extensively as yet. In some districts, the central areas are causing trouble in some localities, and grasshoppers are hatching. Hay crops are rather poor generally, some timothy has been winter killed in some localities, but in most north-eastern localities pasture conditions are good and livestock is picking up well.
Northern Area—Grain is showing a fine, even growth, and there is no drifting to some extent from the south. There have been no killing frosts. The potato crop is practically all in the ground, with reduced acreage in some localities. Pasture lands are showing a well improved condition.

Domestic Animals By-Law

Representatives of nine rural municipalities conferring in the town of Vermilion last Saturday to reach an agreement on a uniform by-law covering the prohibition of animals running at large and grazing, were unanimous in recommending that the by-law be placed on sheep grazing for the year 1922. It was decided that any uniform by-law adopted include a clause to this effect. This action in endorsement of the statement taken by the Provincial Department of Agriculture in enforcing the prohibition of sheep grazing in certain areas.

Recommendations were made at the conference covering grazing and running at large of other animals, and at the request of the representatives of the municipalities, the Department of Municipal Affairs at Edmonton is now preparing a uniform by-law to be submitted to the councils of the various municipalities concerned for their approval.
Recommendations made at the conference were also as follows:
Prohibition of sheep, goats and deer, over whole municipality.
Prohibition of horses, for example, to December 31st, over the whole municipality.
Prohibition of cattle from December 1st to March 1st in the following year, over whole municipality.
Prohibition of bulls, stags and jacks from the start round over the whole municipality.
That 24 head including all animals, be the limit of the number any resident farmer should be permitted to have at large at any time within the municipality during the open period of the season for cattle and sheep, the act at present putting the limit at 10 head.
That there be an arrangement between municipalities whereby cattle and sheep should be permitted to graze on unfenced lands of the municipalities, subject to permit to be issued by the adjoining municipality, and such permit to be subject to the prohibitive periods.

The conference was attended on behalf of the government by Robert English and S. Williamson, officials of the Department of Municipal Affairs. E. J. Ennema, member for Alexander riding, was also present.

New Ponoka Creamery

Calgary and Edmonton Companies Amalgamate

Having come to a joint arrangement the Calgary Central Creameries and Edmonton City Dairy are starting to erect a creamery on the J. J. Fawcett, recently purchased. A large staff of workmen are to be employed on the construction work, and it is expected that the creamery will be in operation in about six weeks.

OBITUARY

THE LATE JOSEPH WARREN WOODS

After a prolonged illness, due to cancer, Joseph Warren Woods was called to his rest on Saturday, June 3rd, at the age of 63 years and 7 months.
Deceased was born in Boston County, Iowa, on November 2nd 1858. At the age of seven years he moved with his parents to Nebraska, locating near the present town of Wilbur, Sainu County. In 1881 he was married to Lucy J. Pike. To this union six children were born, two of whom died while infants. Mr. Woods moved with his family to Alberta in 1901, locating near Chesterfield. The daughter, Eva, succumbed to consumption on September 13th, 1905, at the age of seventeen. Mr. Woods then moved his family to Ponoka, where he resided until his death.

He leaves to mourn his loss a wife and three sons—Edgar, Roy and Dewey also two brothers and a sister residing in the States, and a host of friends wherever he was known.
Funeral services were conducted by Rev. Mr. Turner, assisted by Rev. Mr. Walker, from the Baptist church, on Monday, interment being in Forest Home Cemetery.

THE LATE S. B. RAMSAY

Stanley B. Ramsay, of the firm of Stanley B. Ramsay, Ltd., Calgary painters and decorators, and a well known Calgary old timer, died Thursday afternoon after a brief illness. He was born in Erin, Ontario, and came west in 1901. He was a member of the city council during the years 1908-1910.
Deceased is survived by his widow and a family of six children, also two sisters and two brothers. One of the brothers, John, resides in Ponoka.

Mr. Ramsay was very well known here, having held the painting contract for the asylum for a number of years.

RAIN IN SOUTH OF PROVINCE

Lethbridge, Alta., June 6.—Refreshment showers in the vicinity of the city and south and east for about 30 miles cheered the farmers on Monday. The crops south of the city from Manyberries west along the Carleton line to the mountains are very good. Wheat is doing nicely and fall rye looking out. There is nothing startling yet in that stretch of country, also two sisters and two brothers. One of the brothers, John, resides in Ponoka.
Mr. Ramsay was very well known here, having held the painting contract for the asylum for a number of years.

Mr. Ramsay was very well known here, having held the painting contract for the asylum for a number of years.

Detroit, June 3.—Henry Ford has indicated privately that he would run for president "if the people of the country desire him to do so," but he would not spend any money to bring about his nomination or election "according to Wm. T. Krueger, editor of a Dearborn newspaper and one of the leaders in the Dearborn 'Henry Ford for president' club.

Jackson Made Up His Mind, Then Acted At Once, He Declares

"Tantia has certainly backed up his reputation in his career," said Ernest Jackson, Greenwood, Man., dental student in Winnipeg.

"I suffered from stomach trouble for two years and in spite of all the treatments and medicines I took I got worse all the time. My stomach was as sour as vinegar. I blamed for this with acid and was miserable. I could scarcely retain a thing of the

little I ate. I had pain across my back too often it seemed like it would break.

"I made up my mind Tantia was worth at least a trial, went ahead and took it, and here I am feeling right again."

"I kept on improving until I felt as well as I ever did in my life."

"I am thankful a thousand times over for what Tantia has done for me."

Tantia is sold at all good druggists.

The Canadian Budget

During the Great War and in the years since, men responsible for the administration of national finances have been confronted with great difficulties in balancing their budgets. They have had to overcome obstacles of all kinds. War expenditures had resulted in piling up national debts to unprecedented heights, the interest charges on which alone called for enormous sums annually. Besides, care of disabled soldiers, the establishment of soldiers' clubs for further large sums each year. During the war years ordinary expenditures on capital account were discontinued, and with the close of the war many services were found to have deteriorated and called for large sums of money to make good the previous years' enforced neglect.

Larger revenues had, therefore, to be obtained and there was only one way to get the money—by increasing taxation. But taxation had to be imposed in such a way as to interfere as little as possible with business during the difficult period of adjustment from a war to a peace basis when the whole world was in a state of confusion. The government had to take care of thousands of people who were ruined and with unemployment of millions of men and women. Governments only exist by will of the people, and it always was to be recognized that there is a limit which any people will stand in the matter of taxation.

The problem facing finance ministers has been to raise the larger revenues needed without at the same time doing irreparable injury to the business interests of the country, and, in the final analysis, creating an even worse and more difficult situation.

British Chambers of Commerce went further than that of other countries in imposing heavy, even drastic taxation. They proceeded to impose such taxation upon men, more particularly upon the wealthy classes. The result has been that for some years past, Great Britain has been steadily reducing its war debt, and in the last British budget it was possible, after the extraordinary charges for interest on the debt, pensions, naval disarmament to a marked extent, to announce a beginning in reduction of taxation. In the United States, too, there has been a reduction in the national debt since the war.

In Canada, on the other hand, the enormous debt created by the war, instead of being reduced in the years since the Armistice, has gone on steadily increasing. This has been due to the fact that the national revenues have failed to meet the extraordinary charges for interest on the debt, pensions, re-establishment of soldiers, and the heavy deficits on the national railways. The time had come when a halt had to be called to further increases in the debt unless it was to become a monster which would finally bring the Dominion to bankruptcy. Reduction in expenditures had to be insisted upon, and heavier taxation had to be imposed but imposed in such a way as not to seriously interfere with business and the development of the country.

How Mr. P. L. Plender, in his first budget, again assuming the office of finance minister appears to have taken a leaf out of the books of British ministers. Reductions in expenditures in many departments of government were made in the Estimates and even these were further reduced in the Commons, notably in the militia and naval departments. The budget now announces the imposition of increased taxation. There are certain reductions in Customs duties, particularly in the tariff on foreign goods, but these are of a temporary nature and there is a removal of a number of restrictions to trade which should prove beneficial all round, but from a revenue standpoint these reductions are more than offset by increased taxation in other ways.

It is in the form of the additional taxes that Mr. Plender is following the example of British ministers. The much needed new revenue is to come from heavier taxation on luxuries, and upon transactions carried through by men and companies of larger means. There are increased taxes imposed on liquor, both intoxicating and known as soft drinks, on the higher priced cigars and cigarettes, on automobiles, on bank cheques, telegrams and cablegrams, on the free circulation of banks, and through an increased sales tax. Other duties have been placed on the Dominion who are best able to pay are to be required to do so.

Of course, there will be criticism from all these quarters, and already accusations representing the tax and that particular interest, and the consideration by the Government of this and that tax. It must be recognized, however, that the Federal Government must obtain larger revenues. Canada has not met its obligations in the national debt, and it is long overdue before an even mounting debt will eat up the entire revenue in interest charges alone.

That being the case, it follows that those who can afford to indulge in luxuries, or who are in a position to issue large cheques where the average man issues only small ones or none at all, should be called upon to pay. It is the system which has been followed in the United States, and it is the system that should be given a fair trial by Canada.

Livestock Prices Reviewed

Big Drop in the Prices of Livestock

During Past Two Years

The drop that has taken place in the prices of livestock during the past two years is vividly illustrated by the Dominion Livestock Branch reports of the average price for the month of April, this year, and in 1921 and 1922. It is not necessary to say any

further than Toronto to realize this, and, therefore, the prices of livestock are referred to, accompanied by the remark that a similar state of affairs has been noted in other parts of the Dominion.

In Toronto the average price for good steers in 1920 was \$12.62, as against \$7.78 this year, for heifers, \$12.25, against \$7.71, for cows, \$10.72, against \$5.72, for bulls, \$10.55, against \$4.51, for calves \$16.45 against \$12.26, up from \$2.15, against \$12.47, for calves, \$18.85, against \$12.55, and for sheep, \$10.72, against \$6.56.

These drastic price reductions have been referred to, accompanied by the remark that a similar state of affairs has been noted in other parts of the Dominion.

CITIZENS
OF
TOWN AND
COUNTY

Local News.

Miss Whitney was in Calgary on business this week.

Dr. and Mrs. Budd motored to Calgary on Sunday.

Miss E. T. Johnson, of Calgary, spent the week-end with friends in town.

Miss Rose LaFrance, of Toronto, is on a visit to her brother, J. G. LaFrance.

Mrs. W. W. Bush, of Kent, Iowa, is on a visit to her father, William Patterson, who is in very poor health.

Mr. and Mrs. J. G. LaFrance, Miss LaFrance and Harry Small spent a few days in Benfit the past week.

L. I. Stuart left on Tuesday for Owen Sound, Ontario, to attend the Grand Lodge, L.O.O.F.

C. H. Conings has been appointed secretary-treasurer of the Layman's Association of the Alberta Methodist conference.

Mrs. N. A. Martin and daughter, Mrs. E. Rees, and son, of San Bernardino, California, are visiting relatives in town and district. Mrs. Martin is a daughter of Mrs. Mary Jamison.

John Unland, of Chesterfield, was in our burg on Monday, and paid his 21st subscription to the Herald. The beauty of it is that John has never missed a year.

Golf is claiming the attention of a number of our citizens at present. A club has been formed, with a good membership of men and women, and a course is being laid out on the Hospital grounds.

If Dan Smith and L. B. Brown, of the Hospital, really did go fishing at the week-end, when are they going to quit talking about the fish they nearly caught; also why Dan was so upset over losing his bait can?

Attorney General Brownlee and E. Alsworth, inspector of roads and bridges, were in town on Saturday. Besides a number of farmers and citizens, they met the council of Fertile Valley M.D. No. 429, and discussed the road situation. Mr. Brownlee has been very busy of late, but will visit the outlying points of his constituency as soon as convenient.

After several weeks of heat a change in the weather took place on Monday. Following a wild storm and very low temperatures, rain set in Monday afternoon. The change is most welcome, and the farmers are delighted.

E. L. Castlow met with a severe accident the other day. While out in the field with drag harrows his horses ran away and, falling in front of the harrows, he was dragged a considerable distance. Besides other injuries, he had an arm broken at the wrist. While the injuries are severe and painful, Mr. Castlow is fortunate in his escape.

Dreammaking done on reasonable terms. Apply, Herald office.

We regret to announce the death of William Patterson, which took place on Wednesday morning. Mr. Patterson had been ailing for some considerable time.

S. Barker and W. L. Steele are in partnership.

Dr. and Mrs. Byers, of Rimby, were in town Sunday.

The Asker annual picnic will be held on Thursday, June 22nd.

A movement is on foot to open the line between townships 42 & 43, just west of town.

Seeding is finished, and now the farmers are contemplating road work.

The road across the slough, on the north west corner town limits, is being repaired. Jake Beck has charge of the work, and so a good job is assured.

Grasshoppers have made their appearance in the districts east of town, and municipal authorities are taking steps to fight the pest. It would be well for farmers to pay close attention to their crops without delay.

Evening.—On Saturday, June 3rd, to Mr. and Mrs. J. Erven, a daughter.

Heburn.—On Thursday, June 1st, to Mr. and Mrs. Howard Hepburn, a son.

Reid.—On Sunday, June 4th, to Mr. and Mrs. Joe Reid, a daughter.

Zederer.—On Monday, June 5, to Mr. and Mrs. Zederer, a son.

The streets are receiving their annual repairs, such as a liberal supply of gravel on the weak spots. Richard Blake is master of ceremonies.

A team of Ponoka ball players journeyed to Hobbema on Friday and played a team of Red Men. The game was somewhat one-sided, the score standing 25 to 6 in favor of the visitors.

The seventh annual observance of U.F.A. Sunday will take place this year on June 18. Since it was adopted in 1916 it has become a recognized institution. The churches of all denominations have co-operated freely on previous occasions to make this annual observance general. On this day the churches are asked to examine the work of the U.F.A. On the other hand, members of the organization are invited to "investigate Christ's social teachings and to get what information and inspiration they can therefrom."

DICK McLEAN

On Thursday, June 1st, at Knox church, Edmonton, by the Rev. A. M. Dallas, Miss Margaret Jane, youngest daughter of Mrs. James McLean, of Edmonton, and late of Ferrybank, became the bride of Mr. J. C. Dick, of Ponoka.

The ceremony was witnessed by a few personal friends and relatives. After a short honeymoon the young couple will make their home on their farm in the Brooks district.

Provincial News

Following the successful vote on the municipal hospital district scheme in the Grande Prairie district, plans are being made for a twenty-bed hospital. The debate issue of the district will be \$30,000. The district includes 22 townships.

Figures from Ottawa show that 16,714 immigrants entered Canada since the first of the year, and that 8019 of these were from U.S. 4528 from British countries, and 4227 from other countries.

Appointment was announced the past week by Attorney-General Brownlee of E. S. Bishop to the commission under the former act. Mr. Bishop has taken office at once and will have his headquarters in Edmonton. Mr. Bishop will have charge of inspection work under the act, in connection with returns by doctors and druggists, and will deal with all complaints received by the department. He will, however, have nothing to do with the police under the act, which has been put in charge of Sgt. Nicholson.

Sale of savings certificates by the Provincial Treasury Department has been brisk this year. During the first four months of the year certificates amounting to \$1,202,109, a greater amount than was realized in the whole of the year 1918. In keeping with the decline of interest rates on the money market it is announced that the interest rate on savings certificates will be 4 per cent, instead of 5 per cent, from July 1st.

Special permits to teachers will expire in June. There are about 250 permit teachers now at work in the province. These permits will not be renewed unless necessary to keep schools going. Indications are that the surplus of teachers in the province is rapidly being absorbed.

The six new public health nurses which it was announced some time ago, were being added to the staff of public health nurses in the Department of Public Health, are now being sent out to their various districts, after having undergone a special course of training.

Two new land companies have been incorporated under provincial law during the past week or two, these being the Canadian Land Association Farm Lands, Ltd., of Calgary, and the Chumy Farming Co. The Ponoka branch has also been incorporated with a capital of \$50,000.

Prominent speakers will discuss important subjects at the annual convention of the Alberta Women's Institutes and the Girls' Clubs, which is to be held in the Palliser Hotel, Calgary, June 12 to 17 inclusive. Miss Isabel Noble, of Dayland, president, will have charge of the convention. The convention promises to be one of the most interesting yet held.

There will be a horse bucking contest at Lacombe, held on Thursday afternoon, June 15. Any person who may have an outlaw horse, please bring it along. Everybody is invited to attend.

Chesterwold

George Fink, of Chesterwold district, sustained a heavy loss on Thursday night when his barn, containing three fine mares, three calves, three sheep, two saddles and all the harness, was struck by lightning and burned to the ground. It was only by the united efforts of himself and neighbors that the fire was kept from spreading to the other buildings.

CARD OF THANKS

Mr and Mrs Geo Fink wish to take this opportunity of thanking the friends and neighbors who so generously donated both money and labor to them in their recent severe loss.

Chesterwold, Alberta.

Montreal, June 6.—Royal Canadian Mounted Police yesterday raided a farm house on St. Therese Island and seized nearly \$1,000,000 of forged United States Federal reserve bank notes. Phillip Brice, alias Drucker, and Alfred Jean were arrested. The counterfeit press was discovered in the house. The bogus bills were clever imitations of American currency, officials said.

Win-Lee, May, June 6.—A twelve-year-old girl who is alleged by the provincial police to have admitted that she poisoned her father, a farmer, who died May 5, is being brought to Winnipeg to permit of the case being investigated further. The man is said to have died after drinking tea into which had been placed a violent poison, presumably strychnine.

Floods Every Room With June-like Warmth

Findlay's Pipeless Furnace is designed and built to furnish comfortable heat to the whole house from one register. The house that has a Findlay's Pipeless Furnace has comfort and warmth in every room due to the clean, moist, warm air that it continually circulates. The correct heating of your entire house is an absolute certainty if you install Findlay's Pipeless Furnace, and it keeps your cellar cool for storage of food.

Mark this. You can install Findlay's Pipeless Furnace yourself without expert aid. There is only one register—that in the floor. No costly pipes. No walls to be torn up for registers. You can do the job easily in a day. This is a perfect heating system—scientifically perfect and guaranteed. It will save from 25% to 50% of your fuel bill and you get full details and letters giving the actual experiences of those who have installed Findlay's Pipeless Furnace in their homes. Fill in the coupon and get this information now.

Send me, without obligation, particulars of Findlay's Pipeless Furnace and testimonials from satisfied customers.

Quality means economy. You may pay less "per gallon" for other lubricating oils, but you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

IMPERIAL Polarine MOTOR OILS

CUTS OPERATING COSTS

THE economy of using Imperial Polarine Motor Oils extends over practically every item of motor operation.

The lubrication afforded at every friction point and the gas-tight pistons and valves means a big saving in fuel bills and a noticeable increase of power.

Through perfect protection of all motor parts, undue repair bills are avoided and depreciation is greatly reduced. By using Imperial Polarine Motor Oils you can save dollars this year on maintenance alone. Besides, you realize more profit and greater usefulness from your car.

Always use the grade of Imperial Polarine recommended on our Charts for your type of motor. See Charts at your dealer's or write to 50 Church Street, Toronto, for a copy of our interesting booklet, "Automotive Lubrication," which contains the complete Chart of Recommendations.

IMPERIAL OIL LIMITED

BRANCHES IN ALL CITIES

WE GIVE IMPERIAL Polarine MOTOR OILS

For a Clean, Efficient Motor

Drivers desiring this sign will thoroughly clean the oil and the oil and the oil out of your crankcase, with each your motor crankcase with Imperial Polarine Motor Oils and every 1000 miles of driving oil. Your crankcase should be cleaned every 1000 miles of drive. It means more economy and more satisfaction than to employ Imperial Polarine Crankcase Cleaning Service.

OLYMPIUM

The Tobacco of Quality

The State as a Jewel Merchant

Government of Queensland Forced to Protect its Gem Miners

To the rubies, opals, emeralds and blue sapphires mined in the State of Queensland which have long had their principal market in Paris have been added discoveries of orange sapphires. The gems are sold in Europe at such high prices that the amount paid to the miner is but a poor compensation. The miners have now asked the Government to pool the gems and market them on community account.

Hall's Catarrh Medicine

Those who are to be cured of Catarrh will realize that Catarrh is a disease which more often than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly increased by constitutional conditions. HALL'S CATARRH MEDICINE is a powerful medicine which cures the disease in the shortest time, thus restoring the patient to normal health.

Round the World Cruise

Starting Next Winter Trip Will Take Four Months

The C.P.R. steamship, Empress of France, has been chartered for an all round the world cruise next winter. The trip, which will occupy four months, commences from New York, January 23, 1923, and will take in the West Indies, the Panama Canal, Japan, India, the Malay Peninsula, Egypt, Italy, France and Great Britain after which a run across the Atlantic will terminate the tour at Quebec about May 23. Fourteen days are allowed in Japan with an option of 15 days in India.

Silver Fox Pelts

Of the total value of silver fox pelts produced in Canada in 1921, which amounted to \$122,130, Prince Edward Island produced \$215,091, or nearly sixty per cent. The value of the live foxes exported from Canada in 1921 was \$277,182.

Surgeon Must Be Sober

A surgeon in England who performed an operation when under the influence of liquor, after which the patient died, has been sentenced to a year's imprisonment for manslaughter.

A new ferry line, the longest in the world, is to be operated between England and Sweden.

Inventor Dies in London

Watch Manufacturer Invented Works

Lawrence Burt Phillips, F.R.S., F.R.A.S., inventor, artist and author, died in London after a short illness, in his 51st year. The son of a London diamond merchant, he was formerly in business as a wholesale jeweller and watch manufacturer. He invented the rocking bar keyless work for winding watches; also patented sketching boxes and palette, and exhibited at the Royal Academy and other galleries in London and the country. In addition to "Horological Rating Tables" and "The Automatic Album," Mr. Phillips composed a very useful dictionary of horological terms, containing 100,000 names, with a classified index of the biographical literature of Europe and America.

Bear Attacks Mail Stage

Driver of Yukon Coach Killed

Bill Boulet has the distinction of being the only stage driver in the Yukon who ever had to kill a mail robber. He drove a four-horse stage on the long overland route between White Horse and Dawson. Recently, what is said to be the first mail train in the history of the Yukon, attacked Boulet's stage—and died.

It Happened in Alberta

It happened in Alberta, a road house, on the long trail, where Boulet was paying an official call. Looking out of the window he saw an immense black bear on top of the coach, throwing the mail sacks to the ground and smashing express parcels. Boulet leaped his rifle and a dead bear tumbled to the ground.

Recipe for True Love

Take one whole friendship composed of two parts mutual admiration and one part mutual respect. Add a soupcon of physical attraction, couple delicately with sentiment. Cover with imagination. Keep in a moderate temperature for several months and serve under a summer moon—Heaven bless it.

A locomotive was imported from England in 1829, to serve as a model for American builders.

Let the Children share this mealtime beverage

NO NEED to warn the little folks away from the table beverage when Postum is served; every reason to invite every member of the family to join in the enjoyment of this wholesome, satisfying drink.

Postum is made from Nature's best wheat, and contains nothing to harm nerves or digestion.

You'll greatly relish its full-bodied flavor and aroma.

An economical mealtime drink—the large size tin of Instant Postum will serve from 90 to 100 cups.

Made in the cup, in a moment.

Instant Postum for Health

"There's a Reason"

Made by Canadian Postum Co., Ltd., Windsor, Ontario

Viscount Northcliffe

Suspicious of Japan

Nation as Powerful as Germany Was in 1914

Viscount Northcliffe, writing personally in the Daily Mail, calls upon his countrymen to "Watch Japan." "Why," he asks, "are the Japanese people being treated so severely by other nations for the support of armaments, and he gives this reply to his own question: Japanese art, Japanese industry, the constant, if intuitive, desire of the people for 'uplift,' and Japanese patriotism are very admirable, but there is something in Germany, and in the Japanese Liberalism, of which Three Elder Statesmen (the Genro) are much afraid, is allowed occasional expression. I know from personal observation and information that the Pan-Japanese are as powerful today in Japan as the Pan-Germans were in Berlin in 1914. Before I visited Japan I said to one of our most distinguished authorities on the Far East—a Scotman who had lived for years in those romantic lands: 'What is the object of Japan?' He replied: 'The control of Asia.' 'And then?' 'The control of the world; for who controls China could control the world.'

Norwegian Colonists for Alberta

A welcome addition to Canada's population arrived at Quebec on board the Canadian Pacific steamer "Montreal" from Liverpool, in the form of over forty well-built Norwegian colonists, who were on their way to Selkirk, Alberta, where they will engage in farming. This is the third large party of personally conducted colonists to arrive in Canada this year under the auspices of the Canadian Pacific Railway.

Do Large Breaths Hurt?

Is Your Chest Wheezy?

Proper treatment is a vigorous rub of the chest, neck and arms with good oil. Nervine. This is the best remedy for chest wheezing. The wheezing is caused by the lungs being too moist and gives quick relief. That each breath gives quick relief to these chest tightness, coughs, colds and sore throats. It's wonderful. Nervine, saves the whole lung system, restores the lungs and should be in every home. Large bottles, 50¢, at all dealers.

Royal Fiches

Many English-Speaking People Are Descended from Charlemagne

Most of us have royal blood in our veins, though we don't know it. One of the most famous of the French kings, Charlemagne, who lived in the ninth century, was the ancestor of many of the royal houses of Europe. His descendants are still to be found in many of the royal families of the world. This is a fact that should be known by every one. Large bottles, 50¢, at all dealers.

A Vanishing Disease

Number of Tuberculosis Cases Are Being Gradually Reduced

A summary of the work done by the New York State Tuberculosis Association during the last five years indicates the progress possible in fighting certain kinds of disease. The fall in the tuberculosis death rate from 129.3 per thousand in 1918 to 102.5 per thousand in 1921 is a creditable record. This is due to a number of causes, among them the better knowledge of the disease, the better treatment of the disease, and the better care of the patient.

The Use of Blank Space in Separating Words in Writing

was not begun until the tenth century.

Cold Air from Her Well

A woman at Newark, N.J., has a dry arse and will always emit a stream of cold dry air. This she has piped through her nose, where it is used for drying clothes, and in place of ice, and for keeping the house cool in summer.

IS THERE A BABY IN YOUR HOME?

Is there a baby or young child in your home? If there is you should not be without a box of Baby's Own Tablets. Children ailments come so quickly and so often that it is always well to have a box of Baby's Own Tablets. These are the ideal remedy for the commonest ailments of children: colic, diarrhoea, indigestion and vomiting. But the Tablets set their right and now the child is in perfect health. Baby's Own Tablets are sold by medicine dealers or by mail order at 25¢ a box. Write to: Ham's Medicine Co., Brooklyn, Ont.

Seeing Western Canada

Personally Conducted Tours to the

An unusual opportunity for seeing Western Canada and the Pacific Coast under most favorable conditions and at a minimum cost is being offered by the Canadian National Railway. The company announces a personally conducted tour through the Rocky Mountains. A special train will leave Winnipeg on June 26th at 11:30 p.m., and will connect with a G.T.P. train at Vancouver, leaving for Seattle on July 1st. Stops will be made at the following points of interest on route: Watrous, Saskatchewan; Valparaiso, Montana; Jasper, Alberta; Prince Rupert, Vancouver, Victoria and Seattle. A choice of excursions will be offered at each stop. The tour will return to Winnipeg on August 1st. For full particulars apply to any agent of the Canadian National Railway or write to V. J. Quinn, District Passenger Agent, C.N.R., Winnipeg.

The ORIGIN OF GALL STONES

They are simply dried bile made up of crystalline constituents of the fluid. Very common is this disease among merchants, clerical men, shop girls, and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels, and this is speedily accomplished by using Dr. Hamilton's Pills. No person using Dr. Hamilton's Pills will be subject to bilious fits. Sound bowels, good appetite, clear color will evidence the health giving properties of Dr. Hamilton's Pills, which are soft and best for general family use. They will cure constipation, flatulence, indigestion, and all the ailments of the bowels. They are the only pills that will cure the origin of gall stones. The French language by means of radio lessons—From the Mail and Empire.

No Address—Remember Life It Is

Dr. Kellogg's Anthrax Remedy is distinctly different from other so-called anthrax remedies. It is a new and powerful remedy, and it is the only one that will cure the disease. It is a new and powerful remedy, and it is the only one that will cure the disease. It is a new and powerful remedy, and it is the only one that will cure the disease.

Happy Albania

Happy Albania is the term applied to that country, for it is said that it occupies the unique position among European nations of being the only country which has no national debt and has a solid currency. The Albanians are a brave and hardy people, and they are the only people in the world who are not afraid of the sea. They are a brave and hardy people, and they are the only people in the world who are not afraid of the sea.

Cavendish, the English chemist,

had a back stair built in his house to avoid seeing any of the women servants.

ARE YOU A MOTHER?

Dr. Dalton's Tonic is a Tonic and Nerve because it contains no harmful ingredients.

London, Ont. Dr. Dalton's Tonic Prescription saved my life years ago and for that reason I am most enthusiastic in my recommendation of it to women who are ill and weak. It was taken by me for several months and I feel better than I have for years. I took two bottles, and was restored to my former health. I am now a healthy and happy woman. I am now a healthy and happy woman.

Plague of Locusts in Russia

A plague of locusts promising great destruction that did not last year, has developed in the Caucasus, Khaz, Kuban and the Crimea. It is a terrible pest, and it is the only one that will destroy the crops. It is a terrible pest, and it is the only one that will destroy the crops. It is a terrible pest, and it is the only one that will destroy the crops.

Twenty-five years is the average life of a coin.

Monuments to military heroes are unknown in China.

The exact cause of sleep is unknown.

Save Time and Keep Your Temper

Dishwashing is the day's most disagreeable task. Pot washing is the dirtiest job of all. Save time and keep your temper by cooking with utensils that cannot absorb dirt or grease—pots and pans that wash easily with soap and water and wipe sweet and clean like china. Make your housework easier by using

There are a great many people who are in the same position, and they are in the same position. They are in the same position, and they are in the same position.

May Return to Germany

The return of former Crown Prince William to Germany in the near future is probable.

It is understood that the ex-Kaiser will go to the island of Wilhelm and settle down in Germany, to live quietly as a country squire. The heir to the throne is making his return conditional on a promise that he will not engage in any political activity.

Self-Sacrifice of Japanese Peasant

Starved Rather Than Eat Rice Needed For Seed

For Seed

Mr. J. W. Robertson says the New York Times, "The Foundation of Japan," are told of a deed that deserves a place in Golden Treasury.

The story is that a peasant in a period of scarcity happened to be the possessor of the only unbroken bale of rice in his village.

The peasant, who was poor and old, looking to the future, he resolved to sacrifice himself for others' good. He sold his rice to the village, and he was the only one who was not hungry.

He was the only one who was not hungry, and he was the only one who was not hungry. He was the only one who was not hungry, and he was the only one who was not hungry.
